The issue wise detail as deliberated in the meeting is as under:-

1. Regarding intimation/information to Allottees:-

It was alleged that the address was not clearly mentioned on the intimation letter sent to the allottees and due to the incomplete address mentioned in the letter, the same was not delivered to the allottees. The representative of the colonizer informed that the allottees of the subject Group Housing Colony had been intimated through registered post at the address available as per their office records and were sent through e-mail to the allottees as and when the issue was raised by respective allottee. The Chairperson enquired regarding the same being published in 03 newspapers and on the website of the concerned developer and the representative of colonizer confirmed the same.

2. Clarity regarding the deviations:-

It was alleged that the proposed changes in the building plan has not been clearly indicated/informed through intimation letter. The representative of colonizer informed that the copies of the plans (existing/sanctioned as well as proposed/revised) are available on the

colonizer's website gurgaonsector99a.com as well as site office. In this regard, the allottees were informed that the same were displayed in this office also and accordingly, shown during the hearing also. The colonizer intimated that comparative details of plans were also sent to allottees via email. The representative of the colonizer was asked to provide further clarification in the matter if sought/required by any allottee after the meeting.

3. Execution of HRERA Order :-

The allottees raised the issue regarding the execution of orders passed by Hon'ble HRERA. The representative of the colonizer informed that the appeal has been filed regarding the same and they will abide by the final outcome in the matter. In his context, the representative of coloniser informed that an affidavit cum undertaking has been submitted and shared the same with the allottees.

4. Transparency in the conduct :-

The allottees expressed that the list of allottees and the agreements executed between the previous developer and current developer may be shared. It was informed that the same is not in the record of department.

5. Increase in the density and decrease in the proportionate ownership of the common area:-

The allottees expressed that the increase in the units will lead to the increase in the overall density and hence will lead to decrease in the proportionate ownership rights of the common area. The Chairperson informed that the density and other planning parameters are verified as per the prescribed norms. The allottees further alleged that the green area is compromised. The approved site plan and the in-principally approved revised site plan was presented by the representative of the colonizer with green area highlighted on it and allottees were satisfied with the current proposal.

The Chairperson apprised that the in-principle approval is granted after ascertaining all the provisions of parking/amenities/infrastructure as per the population/density norms prescribed under the Department's Policy & Building code. It was informed that the report to the higher authority will be sent after with the duly verified documents submitted by the colonizer in-compliance of the in-principle approval. Further, it was informed that the redressal of issues regarding breach of bilateral agreement, violation of any provisions prescribed under RERA Act falls under the purview of Hon'ble HRERA.

The meeting ended with vote of thanks to the participants.
